### ***Welcome!***

Thank you for choosing Beaver Brook Animal Hospital! We know how important and challenging it is to select the right health care team for your furry family member and appreciate your trust in us!

The first Fear Free Certified Practice in New England and a Gold Level Certified Cat Friendly Practice, we believe in keeping your pet on a stress free path to wellness!

Our doctors, veterinary nurses and staff are here to help you care for your four legged friend. Using an integrative approach we treat your pet as a whole, caring for their physical as well as their emotional wellbeing.

If at any time you have any questions or concerns we encourage you to reach out and let us know how we can be of help and service. Please feel free to check out our website at [www.beaverbrookah.com](http://www.beaverbrookah.com) and to follow us on facebook.

Saturday: 9:00 am – 2:00 pm

Sunday: 9:00 a.m. – 1 p.m.

Wags and Purrs,

Monica Dijanic, DVM, CVMMMP

Medical Director

Howard Asher, DVM, CVA

Medical Director

Drs. Howard Asher and Monica Dijanic are excited to welcome you to Beaver Brook Animal Hospital. We opened our doors in November 2011 at our original location and designed our new hospital with fear free principles in mind.

Beaver Brook Animal Hospital is a full service veterinary hospital offering medical, surgical, dental, integrative and preventative care.

Dr. Dijanic (aka Dr. Monica) started her career in the veterinary field in 1992 as a veterinary technician. She received her Bachelor of Science degree in Biology from the College of Staten Island and continued to receive her Doctor of Veterinary Medicine degree from Ross University in St. Kitts, West Indies. She has very strong interests in internal medicine, preventative care, and integrative therapies. In 2018 she completed an extensive course in Veterinary Medical Manipulation and became a certified practitioner. She is also active in the community serving as a board member for the Connecticut Veterinary Medical Association and is involved in suicide prevention both locally and nationally.

Dr. Howard Asher is a true nutmegger having grown up in Norwalk, CT. He attended the University of Massachusetts where he majored in Pre-Veterinarian studies. During his college years, Dr. Asher was an officer in the University of Massachusetts's Outing Club. In this position, he led many activities such as hiking, caving, and canoeing. After receiving his Bachelor of Science degree he went on to study at Ross University, School of Veterinary Medicine in St. Kitts, West Indies. He has special interests in soft tissue surgery, preventative medicine, and traditional Chinese veterinary medicine. He completed the Chi Institute's program in acupuncture and is a certified veterinary acupuncturist. He is also very involved with the veterinary community and is on the Connecticut Veterinary Medical Association's, the Connecticut Veterinary Medical Foundation's and the Veterinary Management Council of Connecticut's board.

Despite attending the same schools and working in similar hospitals, Drs. Asher and Dijanic did not meet until 2008. After much research they decided to open Beaver Brook Animal Hospital. They share their home in Vernon with their 4 dogs Wilson, Sugar, Autumn and Rowan, and their four cats Corwin, Orion, Tiberius and Aries. When not working with animals Dr. Asher enjoys spelunking, bee keeping, and home brewing whereas Dr. Monica loves to listen to music, do Yoga, or enjoy the latest urban fantasy novel.

As pet owners themselves, they understand how important it is to have your furry family member seen when needed. Give us a call at (860) 757 – 3346 or visit our website at [www.beaverbrookah.com](http://www.beaverbrookah.com) to make an appointment.
